

## FS LUBRICANTS from STAR Energy

From diesel engines to industrial machinery, STAR Energy will have the FS lubricant you need from our full-line of premium quality products. FS lubricants use the latest additive technology to meet and exceed most manufacturers' specifications. Advanced protection against wear ensures that you'll get the maximum value from both your lubricant and equipment investment. Contact your STAR Energy Specialist for more information and personalized recommendations.

Talk to your STAR Energy representative about any of these FS Lubricants products

## TRANSPORTATION LUBRICANTS

**Suprex Gold®** – many grades available  
Ultimate performance and protection for most all heavy-duty applications

**Suprex Gold® ESP**  
Advanced technology in a cost-effective formulation

**Suprex Gold® Full Synthetic SAE 5W-40**  
Advanced technology in a cost-effective formulation

**Suprex®** – many grades available  
Meets severe needs of agricultural, construction, and over-the-road diesel engines

**Engine Guard** – many grades available  
Premium multi-grade oils for gasoline engines

**Engine Guard Outboard & Snowmobile Oil**  
For air-cooled and water-cooled 2-cycle equipment

**FS Blue Circle™ 20W-30**  
Premium ashless non-zinc hydraulic fluid

**Low Ash 30/40**  
For use in natural gas engines

**Ashless 30/40**  
For use in natural gas engines

## FS RAILROAD PRODUCTS AND SERVICES

Railroad Engine Oils

Railroad Car Journal Oil

Curve and Flange Grease

Traction Motor Grease

Biodegradable Rail Curve Grease

Oil Analysis Program

## TRANSMISSION LUBRICANTS

**FS ATF Fluid™**  
For electronic and hydraulically controlled transmissions and transaxles

**FS Synthetic ATF Fluid™**

**FS Synthetic Long Drain ATF Fluid™**

**FS Synthetic Heavy Equipment Transmission Fluids™**

**FS All Purpose Gear Lube GL-5™**  
For service fill of conventional differentials, final drives, and transfer cases

**FS Power Fluid™**  
Outstanding frictional properties; prolongs life of seals, hoses & other rubber parts

**Green Power Fluid**

**Low Viscosity Power Fluid**

**HTB Fluid**

**FS Synthetic 50™**

**FS HD Hydraulic Oil™**  
Anti-wear formulated lubricant; promotes increased pump and fluid life

**Uni-Drive TO-4**

## GEAR LUBRICANTS

**FS Synthetic™** – many grades available

**FS All Purpose Gear Lube GL-5™**  
– many grades available  
For service fill of conventional differentials, final drives, and transfer cases

## MISCELLANEOUS

**White Oil B**

**Wire Rope Compound 21**

**Centak 11 Open Gear Compound**

## GREASE

**FS Spectra Lube Green™**  
For heavy-duty construction equipment

**FS Spectra Lube Blue™**  
Excellent for high speed bearings

**FS Spectra Lube Red™**  
For applications requiring extended service intervals

**FS Spectra Lube Red Construction Grade™**

**FS Spectra Lube Gray™**  
Best suited for off-highway applications

**Corn Head Grease**

**MC2491R Lithium Complex EP1**

**MC2020 MP Lithium #2**

**MC2040 LS EP "00"**

**MC2042 LS EP "0"**

**Whiteplex**

**5th Wheel Grease**

**Joyloader 000 Grease**

**MC2700EG Synthetic Grease**

## INDUSTRIAL LUBRICANTS

**FS Industrial Gear Oil™** – many grades available

**FS Synthetic Industrial Gear Oil™**  
– many grades available

**FS HD Hydraulic™** – many grades available

**FS Industrial HD Hydraulic™** – many grades available

**FS Biodegradable Hydraulic™**

**FS Synthetic Hydraulic™** – many grades available

**FS Spindle Oil™**

**FS Non-Detergent™** – many grades available

**FS Turbine R&O™** – many grades available

**Specialty Lubricants**

**Metalworking Fluids**

**Synthetic Compressor Fluids**

**Synthetic Diester Compressor Fluids**

**Synthetic High Temperature Chain Oils**
