General Manager Comments

Hi Everyone,

Old man winter has finally worn out his welcome, the April snow showers should be bringing in May flowers. Hopefully by the time you read this the sun will feel warm, the grass will be green and our fuel drivers are busy delivering Deselex Gold to all of you that are planting corn & beans. If you are on our Even- Pay program you should have received, or will be receiving your Even-Pay contract very soon. Please sign and send them back as quick as possible. If you are not on the Even-Pay program and want to take advantage of locked in pricing and set monthly payments give us a call to see how simple and convenient it is. Are you concerned about credit card fraud or skimmers when purchasing gas at stations? Take advantage of the features and benefits of using our FAST STOP cards. There is no monthly or annual fee and they are more secure than credit cards. They can be used at any of our 19 Fast Stop Express locations or at any Fast Stop locations throughout Iowa, Illinois and Wisconsin. Give our office a call and we can easily sign you up.

We appreciate your business and look forward to serving you every day.

Remember, no one can make you feel inferior without your consent.

THE FAST STOP® FUEL DIFFERENCE

NOT ALL FUEL IS THE SAME

Filling your tank with Deselex® Gold means you're using a fuel recommended by engine manufacturers. As a Top Tier™ diesel qualifying fuel, we've proven that regular #2 diesel just isn't good enough and have for over 65 years.

Make the right choice.

RESTORES LOST POWER

IMPROVES FUEL EFFICIENCY

PROTECTS FUEL SYSTEMS

Keep your copy handy, it may be worth a PRIZE!

During the month of May through August we will draw 10 lucky winners from the completed Fuel Tank Maintenance Checklist that our local STAR Energy FS employees performed on your fuel storage tanks. Each month someone will win some great prizes such as FS hats, gift cards, case of grease, packaged lubricants, prevent caps, tank gauges and even a propane gas grill. If your name is drawn and you still have your copy of the checklist, **YOU WIN!**

If you haven't had your annual Fuel Storage Maintenance completed yet, ask your local STAR Energy FS salesman and he will get this performed for you at no cost. Fuel quality is an important part of keeping your equipment running at peak performance and avoiding any costly downtime.

Our hearts are overwhelmed with gratitude for the support given since Terry's diagnosis from STAR Energy FS and coworkers. We were blessed by the caroling and the many that have sent cards of encouragement. We are truly grateful for the many contributions we have received. A special thank you to Joe Mernka for helping with concessions, and also a special thank you to Jim Finnegan, Jim's daughter & Tod Haney. We are blessed by all of your support.
 -Terry & Joyce Nerhus
